This lesson can be done any size you choose. You will need a pencil, eraser, crayons, and a black marker. Follow the steps and you will create an amazing and easy piece of art.

For a more authentic look use natural colors like browns, reds, oranges, etc. You can also substitute crayons and use markers, color pencils, or watercolors. Also consider using metallic markers for accents (if available to you). If you do any type of paint, please use a heavier weighted paper stock.

**Remember:** There is room for creativity. So feel free to make changes to the design as you are creating. Have fun and Good Luck!!!
