Recycled Cardboard Tree

By Teaching Artist Steve Brouse / Grades 3 through 5

Fun and earth-friendly recycled art project with materials almost everyone has around their home. Remember, it is always important to keep your thinking caps on for all art projects. There are always more ideas that come to one’s head while making ART.

**Materials**: Large and small pieces of cardboard, bottle caps, tissue paper, markers, scissors, etc.
Step One: Color background.

Step Two: Put the trunks and branches in place. Color with marker and glue them down.

Step Three: Once the branches are in place it is time to glue down bottle caps.

Step Four: Add tissue paper, colored magazines, or color paper for foliage.
Steve Brouse is a Teaching Artist with Center for Creative Education in West Palm Beach, Florida.

Submit a photo of your finished work to Center for Creative Education via email, info@cceflorida.org, with your first name, age, and city or town in which you live, for a chance to have your work showcased on our website or social media pages!
