The Foundations School uses a sliding fee scale based on household size and income, and no one is turned away for inability to pay. The school also follows all COVID-19 appropriate guidelines recommended by the CDC including masks for all, taking temperatures twice a day, maintaining separate cohorts of children and repeated cleaning throughout the facility. Class sizes average 15 students. This not only allows for increased safety, but also ensures that students benefit from small group and individualized one-on-one academic instruction from the teacher and teaching assistant in every class.

Families will receive a tour of the new school, have the opportunity to participate in a fun art activity lead by The Foundations School teaching artists as well as explore the art gallery at the school which will be curated with a selection of the student's work from the past semester.
