They'll get to paint, sculpt, draw, and build using different art materials, which will help them become more creative, learn about different cultures, and have fun doing it all at the same time. Plus, it's a great way to teach them about the importance of cultural heritage around the world.

Why did Frida have a monkey in her painting? Who may have inspired "Where's Waldo" with where is my cat? That was Miro unlike Chagall who painted a goat. There's also O'Keeffe who reached for the moon and Calder's mobiles you'll see hanging like leaves of a tree. All these and more will make for a creative and educational place to be.
